

2019 San Dimas Stage Race Host Housing Program

Who: The San Dimas Stage Race organization is searching for families in the San Dimas Area who would like to host riders for the 2019 race!

What: Host housing is needed for the professional and elite men's and women's bicycle racing teams competing at the 2019 San Dimas Stage Race – an opportunity for families in the area to connect with National Champions, Olympians, future Olympians, and hard-working racers striving to fulfill dreams in professional bike racing.

When: Race Dates March 29, 30, & 31, 2019. Teams usually arrive Wednesday (Mar 27) or Thursday (Mar 28) and leave Sunday (Mar 31) or Monday (Apr 1) (Some teams may wish for longer stays if you are willing to accommodate them)

We are in search of families who live within a 30-minute maximum drive of San Dimas. Opportunities exist to host riders from men's and women's teams.

See our website at: sdsr.bike for race information.

Host homes need to provide: a bed space (couch or air mattress is fine) for each rider, kitchen privileges and refrigerator space; garage or other safekeeping space for bicycles.

Host homes ARE NOT expected to provide: transportation or food. Teams will provide their own transportation and meals. However most families do like to provide some shared meals, but are not expected to do so.

Host families are encouraged to engage with their guest racers, as experience shows that involved host families find the experience most rewarding when they connect with their guests. Come watch them race, talk to them, find out what the life of a professional road cyclist is all about.
